Luiz Carlos and Jose Carneiro Junqueira : Basic Histology: Text Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised Basic Histology: Text Atlas:

1 of 1 people found the following review helpful. Perfect for All LevelsBy Simon TemplerThis is ideal for students and all those in the field. The color pictures are outstanding study aids and are invaluable for reviewing stains and procedures. The included disc is also a great addition.1 of 1 people found the following review helpful. perfectBy Mary B. Davisonuse as an in-class reference for lab. Students don't get enough microscope time or know what they're looking at. No one needs more words to read that don't say anything new.6 of 6 people found the following review helpful. Just GreatBy A CustomerThis book is one of the best books i've ever read in basic histology. it's really good for medical students, Simple and straight to the point.Every histologic feature had it's clinical correlation which is so helpful for students throughout their Predoc studies.
