Inc. BarCharts : Circulatory System (Quickstudy: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Circulatory System (Quickstudy: Academic):

2 of 2 people found the following review helpful. Very helpfulBy tabithaBought for Anatomy class and very happy I did. It is very detailed and the photos and colors are vivid and labeled well. It is an excellent study tool. I 3-hole-punched mine so I could put it in a binder. That was very helpful to me. I would recommend this for anyone studying Anatomy, or even Physiology, especially for the price.1 of 1 people found the following review helpful. Cardiology Nurse Approved!

Complete, labeled illustrations of 12 portions of the circulatory system. Illustrations by award-winning medical

illustrator Vincent Perez. Chart includes detailed diagrams of: venous system arterial system circulatory system
schema: head neck blood circuits Circle of Willis skull arteries blood vessels hepatic portal veins coronary arteries
