Had to enlarge it.1 of 1 people found the following review helpful. Very helpfulBy tabithaBought for Anatomy class and very happy I did. It is very detailed and the photos and colors are vivid and labeled well. It is an excellent study tool. I 3-hole-punched mine so I could put it in a binder. That was very helpful to me. I would recommend this for anyone studying Anatomy, or even Physiology, especially for the price.0 of 0 people found the following review helpful. Four StarsBy Clare's CommentsInformative.
