Greg Green : The Cannabis Breeder's Bible: The Definitive Guide to Marijuana Genetics, Cannabis Botany and Creating Strains for the Seed Market before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cannabis Breeder's Bible: The Definitive Guide to Marijuana Genetics, Cannabis Botany

and Creating Strains for the Seed Market:

1 of 1 people found the following review helpful. Kindle version ripoffBy BillAll the tables in the kindle version are too messed up to use. Since the book is laid out in a way the tables are needed to understand what he is saying this makes book worthless.0 of 0 people found the following review helpful. Just say yesBy Tom E. OravecThis is for a school project0 of 0 people found the following review helpful. Create new strainsBy JoeA must have for creating new strains. The book covers everything from pollen collection, pollen storage and best practices for pollinating mother plants. Honing in on trait selection and phenotypes are invaluable.

The Cannabis Breeders Bible sets a new standard of excellence for cannabis cultivation and breeding manuals and gives readers the tools they need to grow the most popular and potent marijuana varieties and strains in the world. Readers of this complete guide to expert breeding techniques will learn about the new age cultivars, trendy cannabis hybrids, and how to develop them for the lucrative international seed market. The Cannabis Breeders Bible offers real-world, professional techniques for breeding superior marijuana. Expanding on the advanced cultivation methods presented in Greg Greens popular Cannabis Grow Bible, The Cannabis Breeders Bible delves deeper into topics such as advanced pollination, seed collection, and storage; feminizing plants; increasing potency; and enhancing calyx development. Readers will discover more about primordial cannabis, landrace and lost strains, breeding compatibility, growth hormones, cannabinoids, plant cells, common mutations, and advanced floral traits. The wealth of technical insights shared in The Cannabis Breeders Bible is also supported by stunning photographs, instructive illustrations, and in-depth interviews with marijuana breeders and seed bank professionals. The Cannabis Breeders Bible is an advanced, specialized marijuana grow book designed for practical use by new and experienced breeders alike.
