Lady Eve Balfour : The Living Soil (Soil Association Organic Classics) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Living Soil (Soil Association Organic Classics):

3 of 3 people found the following review helpful. Excellent documentary reportBy Jean DavisThis interesting book outlines the growth of Organic agriculture in the U. K. and the landmark experiments that were conducted to prove its value there. A very good piece of background reading for people interested in the Organic agriculture movement and

its history.
