Feroze N. Ghadially : Ultrastructural Pathology of the Cell and Matrix: A Text and Atlas of Physiological and Pathological Alterations in the Fine Structure of Cellular A before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultrastructural Pathology of the Cell and Matrix: A Text and Atlas of Physiological and Pathological Alterations in the Fine Structure of Cellular A:

This book is a combination of textbook and atlas covering the pathology of the cell as revealed by electron

microscopy. The book is for all who regularly examine tissues and need to know about the subcellular abnormalities associated with pathological states. The author has aimed to catalogue, classify, describe and illustrate virtually every intracellular lesion. In this new edition the author has revised and updated the text and added new material. Feroze Ghadially is the author of "Fine Structure of Synovial Joints", "Diagnostic Ultrastructural Pathology" and "Diagnostic Electron Microscopy of Tumours" - 2nd Edition.
