You're only given the answers to odd questions 1, 3 ,5. So you have no idea if your answers are right with the even questions 2, 4 , 6. We all NOT teachers buying this book. So stop referring we can get all the answers if your a teacher by registering on line. Let's not talk about the fine print. I couldn't see these words with my prescription glasses on. I got the work book and study guide. What a waste of money.79 of 81 people found the following review helpful. I feel that I should have been told before purchasing the book that I would have limited access to the course materials.1 of 1 people found the following review helpful.
