**Deborah Roiger, Nia Bullock PhD : Workbook for use with Anatomy, Physiology Disease: Foundations for the Health Professions** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Workbook for use with Anatomy, Physiology Disease: Foundations for the Health Professions:

0 of 0 people found the following review helpful. Waste of moneyBy CustomerDoes not have answers in the back so you cant verify if they right. Its completely useless.0 of 0 people found the following review helpful. Five StarsBy Gilbert HessGreat0 of 1 people found the following review helpful. 5 Stars!!!!By Elizabeth MunozI had a wonderful experience with both AND the seller and I'm pleased with the speed in which I received it. Excellent condition, packaged nicely, and I actually received it before (way before) the estimated delivery/arrival date, which was 14 days after placing the order. This was extremely helpful for me as I needed it for my Health Human Body II class at

Yakima Valley Community College (I needed it within 7 days). I think the final turn around time (online order placement to home delivery) was approximately 5 days. Incredible! This was my first experience with and I came to the site on the word of a fellow classmate. I have to say that I am thoroughly impressed. I will definitely order textbooks and manuals from and its sellers in the future.

Book by Roiger, Deborah, Bullock, Nia

About the Author Deborah Roiger has taught for 12 years in the Minnesota State Colleges and University (MNSCU) system of 32 state-sponsored technical colleges, community colleges, and universities. She was voted instructor of the year in 2007 by the students at St. Cloud Technical College, received five awards for excellence by MNSCU for projects she developed, and was named educator of the year in 2009 by the MNSCU board of trustees. Deborah's development of digital resources for teaching anatomy and physiology online also earned an Innovation of the Year award in 2009 from the League for Innovation in the Community College. She has presented her work in the development of anatomy and physiology resources at four national conferences. Deborah is the author of Anatomy Physiology: Foundations for the Health Professions and its accompanying workbook. She is a member of the Human Anatomy and Physiology Society (HAPS), American Academy for the Advancement of Science (AAAS), and National Science Teachers Association. Dr. Nia Joyner Bullock has 13 years of teaching experience in private career colleges and universities. During her tenure at Miller-Motte College, she served in various professional capacities, including Academic Dean and Medical Assisting Program Director. She also teaches a variety of courses within the curriculum. Dr. Bullock has developed courses for the online division of the college and was instrumental in the implementation and use of various virtual training tools for allied health programs. She has made scholarly presentations at a number of scientific conferences and published articles and abstracts on maternal diabetes and its effects on embryonic heart development. She is a member of American Medical Technologists. Dr. Bullock lives in Simi Valley, CA, with her husband and two sons.
